

Mission critical - The Magnificat pt 2

The story of Mirriam – Meanings and purpose

I share the Magnificat from Mary (Mirriam) Luke 1 46-55.

My Soul magnifies the Lord,

Lets just stop there- this is a woman bearing Jesus in her body as an immaculate conception and I know that happens from personal experience with pets and my science background re parthenogenesis.

I wrote: “Life is the soul of the earth” in my divinely creative piece. So if her soul magnifies Jesus she as an earth mother creates the new Adam in him. She inspires him to greatness as all good mothers do for their sons. I believe he existed in part to bring forth Gods Kingdom but also to save the fallen man. As time unfolded such was the jealousy around him that others mainly men even his own friends decided to abandon him and let him be crucified. The women were too subservient and abused to defend him and the men too weak and self serving.

He was crucified and took the curse of the tree this is the curse placed since Moses time. Galatians 3 10-14, by taking Abrahams curse upon himself he released all peoples to become the chosen people. This is the greatest gift Jesus could have done and the only one available after he realised his crucifixion was inevitable. It is his supreme miracle and opens the way for us all to be blessed by God.

**And my spirit has rejoiced in God my Saviour,
For He has regarded the low estate of His handmaid**

All females can be Jesus handmaid as his student, friend, partner, guide, teacher and also as a mother.

For behold, henceforth all generations will call me blessed

How can this be as Mirriam was hardly blessed in life she had to be treated like she was a whore, told that she had born a bastard (Given how the Pharisees persecuted Jesus and harassed him how much more would Mary have suffered.) Watched Jesus grow to become a Genius in thought and wisdom and even a miracle maker much of which seemed to attract resentment as much as followers and then to be a witness to his arrest and crucifixion because he stood up to authority. She also had to spend long years without him after he had been killed and that also must have been very hard. I lost my mother and older relatives and find that hard how much harder to lose such a precious son and in such a tragic and cruel manner. Jesus stood up more for womens rights in his time even more than people do today, protecting prostitutes from their abusers, children and the poor. He recognised that the greatest gift to the church was from a woman giving all the pennies she had while men scoffed. Of course Jesus main ministry was one of love a message which is so ingrained to the feminine personality and so misunderstood by the masculine dominating one.

So how can Mirriam be blessed, and how can future generations call her blessed. In a male dominated Church they pretend to bless her as in the catholic church for her maternal vessel ship. But that is not to understand her message. She is not there to be idolised or venerated or dominated. She is there to be recognised as a blessed woman. She can only be blessed if she is the source of blessings and as such only with the second coming. She is our earth mother and our God in human form as Christ is in a male body, and that can only happen when we embrace the divine feminine. She is a matriarch as well as Jesus handmaid

I have my own experience of meeting a Mirriam but sadly the misogynist and jezebel world seems to work against me even knowing how she is despite her asking me to help her. I am really very challenged to know what to do about the Mirriam I have met and I just have to trust that if God wants us to meet again he will find a way and if that happened I know we would both be blessed. What I have come to realise is that there has been 2 curses on me which I needed to remove and that is thanks to fellowship with my brother Ras a great Christian from Slovakia who has come to help me and me him. So with them now gone I think the barrier to my abundance is gone.

Of course on Jesus Mum Mirriam. This is as a cause of the establishment of the new Eden and the new covenant between man and nature which is so essential for these days and the abolishment of the old curse on woman set by God after the serpent in Genesis 3 v16.

I wrote the earth tree poem and it has a blessing for all life and I think it adds to Darwin's tree of life and I use it to demonstrate the new Eden is upon us and that in the name of my father and with the support of my earth mothers I revoke that curse.

I will greatly multiply your pains in childbirth, in pain shall you bring forth children, yet your desire shall be for your husband and he shall rule over you. – all this has gone and no church should hold to these rules. If I have to suffer further for that then so be it. I would happily do that to protect women from further abuse as I have witnessed in recent months. No man should rule over his wife unless its part of a personal and health relationship where the male rules in some aspect and the female in others in a balanced way.

My friend Joyce a midwife has a pain free birthing business and I see only 3 men in a girls life: 1. Her paternal father, her spiritual father as represented by Christ and the father who brings up her children. I think we should return to a tribal family to bring up the children of the village and not the isolated nuclear family which doesn't work.

**For He who is mighty has done great things for me
And holy is his name
And his mercy is on those who fear Him**

No one fears Jesus as a lamb of God and today I read John 1 v 29. Jesus was the lamb of God and he was sacrificed but not now. Now all the Jesus figures are lions like Braveheart. If you fear him or treat him with awe /respect then you receive mercy. This is true in all aspects from personal to organisational to national and political. However it is not the case just now. This country does not fear God or Jesus otherwise they would protect the young and vulnerable and women. So there must be something wrong. I am filled with the holy spirit which is the spiritual manifestation of Jesus so I have reflected on how I might too be cursed and have removed the ones the spirit has revealed to me and connected with the great spirit which related to all animal spirits (non idolised) in me they are represented in this account by the Rainbow Lion, the Rainbow Elephant and in the Rapunzel rescue by the Rainbow Rabbit.

**From generation to generation
He has shown strength with His arm
He has scattered the proud in the imagination of their hearts
He has put down the mighty from their thrones
And exalted the lowly
He has filled the hungry with good things
And the rich he has sent away empty**

All this has been done by me as well as previous christ like figures since Mary. In my role I have shown strength through my words, I have scattered the proud Scots over their desire for a small Scottish nation, I am putting down Putin through our connection with Chernobyl and the dead elite soldiers who rescued us from a major catastrophe. I have exalted the lowly and most recently the homeless guy staying in my house, I have filled the hungry with great stories and information and poems and I have defied some rich organisations with my work by refusing to work with them unless its on fair terms.

He has helped his servant Israel
In remembrance of His mercy

How do I help Israel and how does this relate to Gods mercy. So I have to bless Israel somehow. I have had an up and down relationship with Israel dependent on the media and the stories but I now tend to recognise the grace of Israel their devotion to God as the bible describes and the way land for peace has been used by Muslims to take back the land and bring shariah law including having a faith which does not honour the country you are in but that you are in a jihad (struggle until shariah law is in all the lands of the earth). Again this is against Jesus messages.

So Gods mercy and Jesus mercy on the cost was to forgive the Jews and so of course so do I for the crucifixion in addition as the blessings of Abraham are not on all Christ's believers I share our blessing with the Jews irrespective of their faith in Jesus.

As he spoke to our fathers
To Abraham and to his seed forever

I carry a seed as a memory from my trip across Africa and it goes back to 1989 they are my seeds and I am looking now finally to bear fruit. I should do as I know my children will be divinely blessed too as with Abraham and this will honour their mothers too just as with Mirriam. Through the Magnificat I tear down the worship of Mary as an idol in the catholic church she is not a humble figure but a representative of the divine feminine and as such magnifies God as our Universal creator on earth our earth mother and our queen of the universe. In my world I see the existing Queen Elizabeth as a divine feminine as she has suffered a lot and been royally blessed and remained humble and a servant to Christ and to God all her life, she also loves animals likes dogs and horses.

I have further deepened my connection with God as a friend and partner and not as a father and that has happened as I lift the Curse on the earth and we begin to plan for a great expansion of life across the universe.

So the songs I connect with this piece are:

"Tear down idols,, tear down stronghold, tear down religions, tear down self righteousness. I want a real encounter" – I say yes Kim Waler Smith – I say yes too I am what you say I am. May God bless you and our coming encounter – Jonathan Proctor – I am now working on spirit stones and how this connects with this great work. I do hope you come and join me with that.

Clours of the wind – Pocahontas
In a big Country -Stay Alive!
Late Bloomer – Semler
A king without a Queen – Janie Age
I say Yes – Kim Walker Smith
